DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

1016,1018 Belvedere Avenue is a three story, four bay duplex. The low gabled roof has projecting eaves. The exterior of the building is red brick set in a variation of common bond (every sixth row has alternating headers and stretchers). Buff-colored brick identifies the bays between the first and second, and second and third story horizontal sliding windows. A protected umbrage is created at the ground level by the recessed first story facade which is topped with a plain string-course.

This building had been located on a busy crosstown thoroughfare, Belvedere Avenue. Since the completion of Northern Parkway much of the traffic has been diverted away from this street.
